

Great Camp experience!

If you're in Nashville and you need a place to stay or someone to go with you to a music venue, don't hesitate to call. I live on a road called Hampton Avenue and our house is aptly called the 'Hampton Inn'

Below are perhaps more advanced tunes all of which I have transcribed or I have transcriptions. They can be found on MandoCafe's mp3 downloads, or they are all worth purchasing as mp3 files or the whole album. If you are moved to get a transcription, contact me and then remind me if you don't hear from me. I'm studying for my board recertification in March.

A lot of these have been transcribed and published in back issues of Mandolin mag.
If you work on mastering some of these you will be an ace on regular fiddle tunes!
